Currently, SLDM has one hard-wired computer lab with 27 student computers. This lab is used to teach technology to all grade levels. It is also used for ISTEP testing (grades 3-8) and NWEA testing (grades K-8). When ISTEP and NWEA tests are administered (12 weeks of the school year), technology classes cease. Our students are missing up to 12 weeks of Technology instruction due to testing!

A new hard-wired computer lab can be used to administer ISTEP and NWEA tests, reducing the time taken from computer class by 8 weeks. Additionally, when the new lab is not being used for testing purposes, it can be used by classroom teachers for whole class instruction.

The estimated cost of this project is $40,000. It includes 30 new desktop computers, monitors, and installation. If we meet our financial goal, the estimated completion date of this project is Fall 2016.

To donate to this project via Qtego, simply reply to Qtego with the word “GIVE” and the amount you want to donate. For example, if you would like to donate $100, text Qtego “GIVE 100”.

Personal Prayer Kneeler

Every Catholic home should be a microcosm of the Church, with each day centered on prayer. Creating a sacred space within your home will provide each member of your family an environment in which to reflect on God’s goodness, and the opportunity to deepen this most important relationship. This fine piece of furniture would make the perfect addition to your personal prayer space. The Gothic Arch kneeler is handcrafted of Cherry, Figured Maple, Bocote, Spalted Maple, and Walnut woods. It has stained glass inserts and a removable/customizable cushion. It was designed and created by SLDM parishioner, Steve Grusak.
